Suitable for aquarium, pond use.
 Popular to be use as tanning lamp for Arowana

Uses high quality led bulb.

FROK lamp have thick waterproof glass casing,with heavy duty rubber seal for long operation.
 The lamp comes with build in with heat sink to cool the led bulb. This will prolong the lifespan of the led bulb. Furthermore, this will allow frok led lamp to be use out of water, without overheating the led bulb.
 FROK transformer is special design by in house engineer and is manufacturer by FROK. It has long operation lifespan and will not overheat as compare to competitor brand. Most competitor brand will out source their transformer. This usually cause performance issue.

HIGH QUALITY LED LAMP, with 6 month warranty. Different colour specs to bring the best colour to your tank.

6 months against manufacturer fault
Yes, Lamp is design to be water resistant and prevent water to seep in. It also reduces moisture built up in the lamp.
High Quality, extra bright Led lamp that will last 50000 hrs

OPTIONAL : HIGH LIGHT STAND
